

Payment Agreement Superbill

Welcome to Myofascial Therapy! We take pride in the quality of our staff and in the services we provide for you. The best service is based upon friendly, mutual understanding between the therapist, patient, and our front office staff. In order to achieve that, we want to explain our payment policy prior to beginning treatments.

You have indicated that you would like to bill your private insurance for your visits. We will provide you with a superbill upon payment in full at each session. We recommend that you contact your insurance company to find out their process for submitting the superbill to them for reimbursement.

In order for us to give you a superbill, we need a written diagnosis from a physician or chiropractor (usually in the form of a prescription), and you must be evaluated by one of our physical or occupational therapists. The charge for this initial session is \$160, and includes treatment. Each subsequent session will cost \$115. All sessions are 50 minutes in length, but please be sure to allow about an hour for them.

*****PLEASE NOTE!!! We are *NOT* contracted with your insurance company. Any benefits applied will be 'non-member' or 'out of network'. *****

Appointment Etiquette

In order to ensure that we are able to continue providing specialized service to you and all of our clients, we require that you give the courtesy of 24 hours notice if you need to cancel or change an appointment. You will be charged a cancellation fee of \$115 without exception for missed appointments.

Thank you for taking the time to read and understand this payment policy statement. Please feel free to call or stop by the billing office with any questions or concerns.
